

8903L Using DC COIL - Dimensions

General Information

Electrically held Class 8903 Type L lighting contactors are available with DC coils (Form Y48) up to a maximum of 7 poles.

The DC voltages include:

24V (V53) = [Coil PN 31071-412-23](#)

32V (V54) = [Coil PN 31071-412-26](#)

48V (V56) = [Coil PN 31071-412-32](#)

115/125V (V62) = [Coil PN 31071-412-44](#)

230/250V (V66) = [Coil PN 31071-412-53](#)
