### MasterpactMTZ

Masterpact MTZ - Micrologic 6.0 X | Serial : 00003N1826510283

Application Type	: Distribution	Product range	: Masterpact MTZ
Product model	: Micrologic 6.0 X	Protection type	: LSIG
Rated current	: 1000A	Number of poles	: 4-pole
Standard	: IEC	IFE	: Yes
IO 1	: Yes	IO 2	: Yes
Breaker Accessories	: MX1,XFM2C,MCH,BPFE	Commissioning date	: 24/06/2019
Assembly date	: N/A	Environmental Status	
Date/Time			

CONNECT TO DEVICE

Connection:  Direct  Remote

**Configure**  
Setup protection, alarms, IO's and communication parameters of the device

**Device Check up**  
View device status, measurements, device histories and logs

**Firmware**  
View the System firmware compatibility status and upgrade if needed.

[Connect to device](#)

**Digital Modules**  
Add value-added functionalities to the trip unit and activate it. Buy the Digital Modules from Schneider Electric website

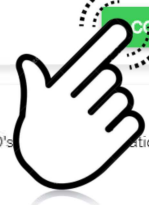

**Automatic trip tests**  
Perform test to ensure that the basic protection functions are working correctly and are ready for operation.

[Connect via direct USB](#)

**Zone-Selective Interlocking Test**  
Verify the field wiring between multiple circuit breakers connected in a Zone-Selective Interlocking (ZSI) system.

[Connect via direct USB](#)

**Prepare for Primary Injection Tests**  
Prepare your circuit breaker for Primary Injection tests. EcoStruxure Power Commission will help you fulfill some preconditions before you perform the actual tests.
