

June 17, 2025

Dear Valued Customer,

Schneider Electric understands the domestic preference requirements found in the Build America, Buy America Act (BABA), the Buy American Act (BAA), and/or the Trade Agreements Act (TAA) are important elements in purchasing decisions. The NetShelter Rack products listed in the table below are substantially transformed (assembled/manufactured) in the United States. The racks do not meet the cost of compliance test for BABA, however they are compliant as listed below.

Should any additional questions arise please do not hesitate to reach out for support.

Thank you,

DPFF Compliance Team
Schneider Electric

Disclaimer: Information provided in this document may not be relied upon as a representation by Schneider Electric that it is the most current, accurate and complete status of the Manufacturing Product Family End Product's compliance with any domestic content requirements. Such updated confirmation must be requested by the Buyer at the time of purchase. For a project specific compliance review or formal compliance statement letter when requested per specification, please submit a Quote Support Request (QSR) through your sales engineer to Schneider Electric.
