

5.7.4 XBTGC Series Printers

Printer Type	Target Connection
HP PCL3 (Most HP PhotoSmart, HP DeskJet series printers) Confirm functionality with the printer you intend to use.	USB, USB-PIO, LPR, IPP NOTE ■ XBTGC 1100U/T and 2120U/T only support USB and USB-PIO for HP PCL3 and HP PCL5. ■ Use commercially available printer cables.
HP PCL5 (Most HP LaserJet series printers) Confirm functionality with the printer you intend to use.	
Epson ESC/P command compatible	COM1, USB-PIO, LPR, IPP NOTE ■ Use commercially available printer cables. ■ On XBTGC targets, it is not possible to use COM1 port for both the script driver and the target printer. If you do have both set to COM1, both will fail to print in runtime.
Text (ASCII) supported printer	

NOTE

- For information on the run-time printing features supported for each printer type, see Section 27.1.5, [Printing Features Supported by Printers](#).
