

Compact CM: complementary technical information

tripping curves

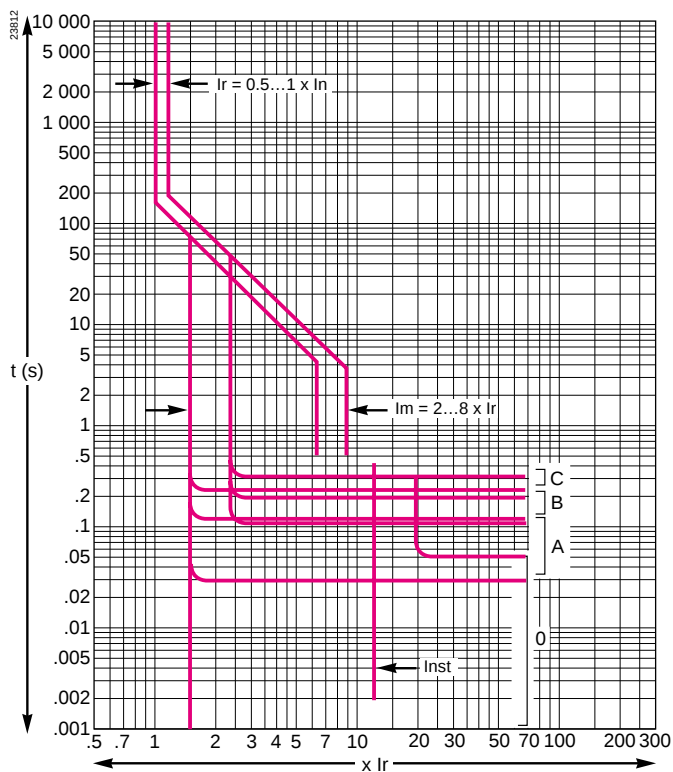

Legend

I: instantaneous protection threshold
I_r: LT long time protection threshold
I_m: ST short time protection threshold
0-A-B-C time delay settings for ST protection
INST: instantaneous threshold: 35 kA
(plotted for the ST-CM2 and ST-CM3 for the 2500 rating)
I_h: earth fault protection threshold
0-0.1-0.2-0.3 time delay settings for earth fault protection

ST-CM1

ST-CM2 and ST-CM3

ST-CM3
